DAVIDSTEIN

OBJECTIVE

I am seeking employment in the electronic media field that involves the use of computer graphics technology to effectively organize and communicate information.

EXPERIENCE HIGHLIGHTS

Web Developer — Engineering Communications Office — Sept. 2005 - Nov. 2006

- Maintained and created new portions to the Purdue College of Engineering's website, particularly the Weldon School of Biomedical Engineering.
- Worked with a team of different specializations to maintain a consistent design and content layout of a variety of electronic and print media.
- Worked directly with clients to find solutions that worked best for them.

Assistant to Graduate Student — Purdue University — Fall 2006

- Conducted research concerning use of graphics to improve teaching of children with learning disabilities.
- Emphasis on collecting verifiable results and maintaining confidentiality.

Treasurer & *Corresponding Secretary* — Zeta Psi Fraternity of North America — 2005-2006

- Budgeted and controlled financial records, both long and short term.
- Maintained communication through newsletters and created website

Education

Bachelor of Science in Computer Graphics Technology, December 2006,
Purdue University, West Lafayette, IN.
GPA: 3.26 on a 4.00 scale.

SOFTWARE COMPETENCIES

HTML, CSS, and XML	Adobe Photoshop
JavaScript, PHP, and ASP	Adobe Illustrator and Macromedia Freehand
C++ and Visual Basic	Macromedia Flash
